

GEAR OIL 80W-140 CODE: G-740

PRINZOL Gear Oil 80W-140 is a multi-grade gear oil.

It contains the most advanced and rigorously tested additive system to deliver unsurpassed protection. This high-performance gear oil is specially formulated with only the finest quality hydro-treated, high-viscosity index base oils.

PRINZOL Gear Oil 80W-90 contains additives for:

- Excellent chemical stability
- Excellent thermal stability
- Excellent rust protection
- Excellent corrosion protection
- Excellent anti-foam protection
- Excellent load-carrying ability
- Excellent oxidation resistance
- Excellent sludge formation resistance

Recommendations:

PRINZOL's Gear Oils may be recommended for the following application:

- When API GL-5, GL-4 or GL-3 gear oils are required
- When MANN 342M-2 gear oils are required
- When MIL-L-2105D gear oils are required
- In all domestic automobile differentials and some manually shifted transmissions
- In oil lubricated wheel bearings

Product Data Sheet Rev 03/08/2016

Specifications.

Product Gear Oil	80W-140
Product Code	G-740
Viscosity cSt@40 ⁰ C	262
Viscosity cSt@ 100°C	27.30
Viscosity Index	131
Gravity, API	27.40
Pour Point, °C(F)	-34 (-30)

Follow equipment manufacturer recommendations and conventional guides to determine the best applications.
